

GraphicsCellBase

```
graph BT; GraphicsCellBase -.-> GraphicsCellODE; GraphicsCellBase -.-> GraphicsCellComposite; GraphicsCellBase -.-> Cell;
```

The diagram illustrates a class hierarchy. At the top is a dashed box containing the text 'GraphicsCellBase'. Below this box are three solid rectangular boxes. The first solid box is 'GraphicsCellODE', with an upward-pointing arrow from its top center to the bottom center of the 'GraphicsCellBase' box. The second solid box is 'GraphicsCellComposite', with an upward-pointing arrow from its top center to the bottom center of the 'GraphicsCellODE' box. The third solid box is 'Cell', with an upward-pointing arrow from its top center to the bottom center of the 'GraphicsCellComposite' box.
